30th January 2012

## Free home insulation for North Warwickshire residents until June 2012

Residents in North Warwickshire can now benefit from a free offer on loft and cavity wall insulation, thanks to a partnership between the Borough Council, local company, Rockwarm and the Energy Saving Trust.

The offer is open to homeowners and people living in private rented accommodation, regardless of age or income, and applicants do not need to be receiving benefits. The free cavity wall insulation is for all properties up to 120 mtrs in size and the loft insulation is for properties up to 80 mtrs with less than 60mm of existing insulation.

The Energy Saving Trust estimates that home insulation can save up to £270 a year on fuel bills and reduce carbon emissions by 3,200 tonnes over 25 years.

Councillor John Winter, Chair of the Borough Council's Housing Subcommittee, said: " This is the first time we've been able to offer cavity wall and loft insulation to residents absolutely free. So I'd urge people to take advantage of this limited offer to create a warmer home, reduce fuel bills and help the environment. "

The offer runs until the end of June 2012. For more information and a free home insulation survey, call Rockwarm on 02476 345554 or call free on 0800 132689. [www.rockwarm.co.uk](http://www.rockwarm.co.uk)
